

## GRIMES' PITCHING BRINGS VICTORY TO BROOKLYN TEAM

### Spitball Ace Baffles Speaker's Warriors Wednesday

#### BROOKLYN BUMPS BAGBY'S SLANTS

NEW YORK, Oct. 6.—In a pitching duel between the leading hurlers of the National and American Leagues, Burt Hooton, Brooklyn's spitball ace today shut out Cleveland by 3 to 0 in the second game of the world's series at Ebbets Field. His ability to hold the Indians in check when hits would have meant runs, marked his superiority over James C. Bagby, whom Manager Speaker selected to add a second game to the Cleveland string.

The victory which placed the Superbas alongside Tris Speaker's Indians was due almost entirely to the excellent hurling of Grimes, who had the heavy hitting representatives of the junior league baffled throughout the game, so far as consecutive binging was concerned. With the exception of the eighth inning when Grimes temporarily lost sight of the home plate, Cleveland never appeared in the light of a serious contender.

The inability of the Indians to connect with Grimes' slants when hits would have meant runs is apparently illustrated by the fact that the Cleveland clan got 14 runners on the bags, of whom ten were stranded and four retired by subsequent plays. The Indians were not without repeated opportunities to score, but in every emergency Brooklyn's moist ball star met the emergency with a masterly collection of sharp-breaking slants, or slow breaks, which cut the corners of the plate, or shot in close to the body of the batter with the result the seven hits of the invaders were so scattered as to be useless in run producing.

Bagby Not Effective.

Grimes was not effective in the box as a covealee in the game, or as his opponent Grimes, notwithstanding that he delivered less pitches than did the winning hurler. The Superbas reached his offerings effectively when runners were on bases as compared to the Indians, four of the ten Brooklyn batters to reach first three scored, three were retired and the remaining four left.

The crux of the pitching analysis is shown by the fact that the winners scored three runs on seven hits, scattered thru six innings, while Cleveland with an equal number of swats, was unable to send a run across the plate in nine innings. This who replaced Bagby in the seventh session proved more of a puzzle to the home combination, the Robins going out on strikes or flies in order during the two periods in which he worked.

The contest aside from Grimes' power to puzzle the winners of the American pennant at critical times in the struggle was as devoid of sensational features and color as was the first contest yesterday. Speaker made another sensational catch in the fourth when he raced far over to the Jamieson's territory and hauled down Kidnapper's long drive. Right Fielder Griffith started with a catch off the wall in the seventh when he speared Sewell's savage smash in a manner somewhat similar to this thrilling handling of Speaker's drive of Tuesday.

Show Defensive Skill.

A flash of the defensive skill of the Indians was shown in the third session with Brooklyn at bat. Bagby served a slow floater to Grimes, who promptly peppered into center for a single. Olson followed with a bunt, which Bagby threw low to second. Wambansans in his effort to hold the ball stooped low over the bag and Grimes dashing into the sack turned a complete somersault over the prostrate infielder. Griffith's double to right scored Grimes and put Olson on third. Bagby purposely passed Zack Wheat and relied on a play on Myers to shut off the rally. The entire Cleveland team was on its feet and when Myers slashed a sizzling grounder to Gardner, the Indian's third baseman shot it back to O'Neill forcing out Olson. O'Neill endeavored to turn the play into a second out at first but his throw hit Myers in the back as the latter raced for the initial sack. Johnston was on the job however, and he picked up the ball and hurled it back to O'Neill in time to catch Griffith trying to score. O'Neill aided the play by blocking the approach to the plate for which he was roundly booed by the Brooklyn fans. The play was legitimate, however, and Umpire Connolly, who was officiating behind the plate, paid no attention to the protests of the home rooters.

Brooklyn's other runs were scored without any attendant features.

Scores First Run.

Spencer, his Republican colleague, declaring that the statement was a matter of record and suggesting that the president produce the stenographic reports of the peace conference showing just what was said.

Senator Reed's telegram was in response to one from Senator Spencer asking information on the subject. Senator Reed's telegram declared the statement was made by the president in an address before the peace conference on May 31, 1919, but "did not get by the censor" until December 7, 1919, when it was brought to this country by a famous newspaper correspondent and published in the Washington Star of that date.

The speech also appeared in full in the Congressional Record of December 4, 1919, "the telegram continued adding that it also was copyrighted by a newspaper syndicate and given wide circulation thru the country. "There is one way this dispute can be settled. Let the president produce the stenographic records of the peace conference showing just what was said," it continued.

Following dispatch of the telegram to Senator Spencer, Senator Reed gave out a statement in which he said in part:

"What now do we understand? That President Wilson now means we are not to be under obligations to send our armies to protect Roumania and other members of the league against attack? If so, what becomes of Article X, which he declares is the heart of the covenant?"

Low Issues Statement.

Chicago, Oct. 6.—Republican headquarters tonight issued a statement signed by Senator Harry S. New of the senate committee on foreign relations declaring that Senator Selden Spencer of Missouri has "the best of authority" in quotations he attributes to President Wilson concerning the sending of American soldiers overseas.

Senator New's statement also said that besides the official stenographic records of the peace conference many semi-official reports of the conference attributed the statement to President.

It was for months been publicly stated that such an agreement on your part is incorporated in the stenographic report of the eighth session of the peace conference. I again beg of you to let me know whether you made such an agreement."

## GUARANTEE AGAINST PRICE DECLINE IS A FORM OF INSURANCE

Urge the Commission to Follow a Hands Off Policy

### GUARANTEE DOES NOT MAKE HIGH PRICES

WASHINGTON, Oct. 6.—The practice of manufacturers' guarantee against price decline was characterized as a good form of "insurance" by representatives of business interests employing the device who appeared today at the federal trade commission hearing. They urged the commission to follow a hands-off policy and decide complaints against the system on the merits of individual cases.

The commission concluded its opinion investigation after briefs may be filed during the next thirty days.

Proponents of the guarantee practice declared that it aided in maintaining high prices. On the contrary they declared it had resulted in an immediate passing on of price reductions by manufacturers to the consumers. As the manufacturer assumed the risk of losses the dealer was forced thru competition to sell at his lowest of the ground, speakers argued.

Speakers opposing the practice told the commission that there was no way to avoid the menace of overstocking by dealers who were certain of sustaining no loss under the guarantee.

## HARDING MAKES OPENING SPEECH AT DESMOINES

### Presidential Nominee Begins Brief Tour Today

#### SPEAKS TO CHILDREN AT DECATUR, INDIANA

CHICAGO, Oct. 5.—When G. Harding, the Republican nominee stopped over for four hours in Chicago tonight on a midwestern speaking trip, but spent the time quietly at a downtown hotel talking over the campaign policies with his party leaders.

Altho no speech and no formal reception were planned, the candidate did not escape popular attention. A crowd at the railway station cheered him when he emerged from his private car late in the afternoon and another throng was gathered about his hotel in anticipation of his coming. Earlier in the day, upon his trip here from Marion he had been greeted by cheering men and women at several Ohio and Indiana cities and made short speeches at Lima, Ohio, Decatur, Huntington, Crown Point and Hammond, Ind., touching on numerous issues of the campaign.

First Speech at Des Moines.

Leaving here late tonight the Senator will make his first prepared speech of his trip at Des Moines tomorrow morning.

A pronouncement on the league of nations probably embodying a reply to recent Democratic utterances will be the principal theme of the address.

Accompanied by Mrs. Harding he dined with Senator Harry S. Ney, chairman of the Republican Speakers Bureau, and it is understood that among other things the question of the speaking dates in the east for late October were discussed at the conference.

Harry M. Daugherty, the senator's pre-convention manager, was among those present. The candidate's train is due at Des Moines at 8:20 a. m., tomorrow, and he will spend two hours in conference with local Republican leaders before he makes his public address at the Coliseum. He will leave at noon and in the evening will speak at Omaha, Neb.

Many Items Discussed.

The league of nations, business stability, increased production and the election of a Republican congress were among the many issues discussed briefly by the nominee in his rear platform speeches on the way across Ohio and Indiana. At nearly every stop he referred to the preservation of American nationality, and reiterated his pledge that while he was president no council of foreign powers ever would send American soldiers to war.

At Lima and again at Hammond the senator declared he wanted to maintain the present high standard of wages, but on condition that production was kept at a high efficiency.

"I caution you," he said at Lima, "that that never could happen under the policies of a party which believes in opening the doors of America to foreign products. If I am elected president, as I expect to be, I am going to stand for the policy that furnishes American markets first for American products."

"You rejoice in the new standard of compensation, and I rejoice with you, but you are grieved about the high cost of living, and you have a right to be grieved about it. While men may talk to you about reducing the cost of living, yet it can be effectively reduced only in one way and that is by giving the best efficiency that is in you so as to reduce the cost of production."

Speaks to Children.

Many children were in the crowd at Decatur and Senator Harding told them that on their account he wanted to keep the nation free from entanglements that would impair its ideals and its integrity. It was his ambition, he said to assure "for these boys and girls the same kind of United States that I looked for to when I was in the public schools."

In making a plea at Huntington for a federal administration that would "get down to real business methods," in the east of government the candidate declared his belief that people wanted a change and were going to get it.

Taking his cue from some one in the crowd at Hammond who told him that four thousand men from that city were in the army during the war, the senator praised the patriotism of the service men and said the time would come when the government could reward them.

## BOTH NATIONS MUST LAY THEIR CARDS ON THE TABLE—GEDDES

Must Have Policy for the Development of World Trade

### AMERICA'S MERCHANT MARINE POLICY

WASHINGTON, Oct. 6.—Adequate world-trade development by Great Britain and the United States requires that the two nations lay their cards on the table, Sir Auckland Geddes, British ambassador declared tonight at a dinner given by the chamber of commerce of the United States to representatives of the British chamber of commerce as the guests here of the American organization.

The ambassador insisted that there was greater desire in Great Britain for closer co-operation with America than has been indicated by many American writers. He had learned from these writers he said, "how diabolically clever the British were especially the English are, and with what machiavelian duplicity the British push their trade."

Play With Cards on Table.

"I believe that it is imperative that each country should play the great game of world trade, so important to us both, with its cards upon the table, insofar as trade is supported and developed by national, that is political action," he said. "Secrecy breeds suspicion, the mother of hostility. I believe that full reciprocity in frankness is essential, if we are to avoid difficulties. I believe most strongly that in spite of possible local diminutions of profit, co-operation between our nations will pay us both best in the long run."

The ambassador denied published reports that the British government had resold to the German government a number of German ships with the object of hindering the development of the American mercantile marine.

"Utter nonsense," he said.

Tells of America's Policy.

Echoing the ambassador's plea for co-operation, Secretary Alexander of the department of commerce, told of America's merchant marine policy.

"The United States does not contemplate any attempt to drive other nations out of the shipping business," he said. "On the other hand I am only stating what is fair when I say it is the policy of this country to own operate a fair share of the world's shipping. The requirement of her growing import and export trade are so great that commercially as well as from a broader national standpoint, our former position was anomalous. But we simply want ships enough to take care of our own expanding business."

## EVERYBODY STAND FROM UNDER SUGAR IS TAKING A DROP

### Revere Refinery Announces Price of 11 1/2c Per Pound

#### PROFITS FOR EIGHT MONTHS \$11,000,000

BOSTON, Oct. 6.—The Revere Sugar Refinery today announced a price of 11 1/2 cents a pound for refined sugar. Two weeks ago the company quoted a nominal price of 22 1/2 cents a pound with the statement that it was "out of the market" but since that time it has made several reductions.

W. E. Foster, vice president of the American Sugar Refining company, in a statement to Attorney General Allen today in connection with the latter's inquiry into the sugar situation, declared the company would require wholesale buyers to live up to their contracts for sugar at 22 1/2 cents a pound, notwithstanding recent declines.

The company would not be justified in using its surplus of \$23,000,000 to offset losses of its customers, he said, adding that if such a policy were seriously undertaken by the management any stockholder would have a right to enjoin the proceedings.

Profits Over \$11,000,000.

Vice President Foster set at slightly over \$11,000,000 the operating profits made by the American company during the first eight months of the year. Attorney General Allen then sought to obtain a statement as to the extent to which this profit would be impaired if the company reduced its price on the forty thousand tons of sugar which Mr. Foster said it had on hand. He estimated that if the company reduced its price on the undelivered sugar to meet present market conditions it would cause a loss of \$10,000,000.

"Well," the attorney general asked, "if you took a loss of five cents a pound you would lose only \$4,500,000, wouldn't you?"

Many Incidental Expenses.

"So it appears," the witness replied, but he added there were many incidental expenses to be considered.

Calling the attention of Mr. Foster to a previous statement by him that the committee conducted its business on the basis of the ultimate net profit in a year the attorney continued:

"Ten with a profit for eight months of \$11,000,000, a possible loss of \$4,500,000 to meet the market conditions would still leave the company a net profit for the year of \$6,500,000 would it not?"

Mr. Foster said it would, but he said there might be some loss to the company if it had to buy in new sugar at a price higher than it had contracted to sell for. He added that the total stock of sugar which the company has on hand is 118,000 barrels and its undelivered outstanding contracts call for 131,000 barrels.

## GRIMES' PITCHING BRINGS VICTORY TO BROOKLYN TEAM

### Spitball Ace Baffles Speaker's Warriors Wednesday

#### BROOKLYN BUMPS BAGBY'S SLANTS

NEW YORK, Oct. 6.—In a pitching duel between the leading hurlers of the National and American Leagues, Burleigh A. Grimes, Brooklyn's spitball ace today shut out Cleveland by 3 to 0 in the second game of the world's series at Ebbets Field.

His ability to hold the Indians in check when hits would have meant runs, marked his superiority over James Bagby, whom the Cleveland Speaker selected to add a second game to the Cleveland string.

The victory which placed the Superbas alongside Tris Speaker's Indians was due almost entirely to the excellent hurling of Grimes, who had the heavy hitting representatives of the junior league baffled throughout the game, so far as consecutive binging was concerned. With the exception of the eighth inning, when Grimes temporarily lost sight of the home plate, Cleveland never appeared in the light of a serious contender.

The inability of the Indians to connect with Grimes' slants when hits would have meant runs is apparently illustrated by the fact that the Cleveland clan got 14 runners on the bases, of whom ten were stranded and four retired by subsequent plays. The Indians were not without repeated opportunities to score, but in every emergency Brooklyn's moist ball star met the emergency with a masterly collection of sharp-breaking slants, or slow breaks, which cut the corners of the plate, or shot in close to the body of the batter with the result that the hits of the invaders were scattered as to be useless in run producing.

Bagby Not Effective.  
Bagby was not effective in the box as Coveleskie in the opening game, or as his opponent Grimes, notwithstanding that he delivered less pitches than did the winning hurler. The Superbas reached his offerings effectively when he was compared to the Indians, four of the ten Brooklyn batters to reach first three scored, three were retired and the remaining four left.

The crux of the pitching analysis is shown by the fact that the winners scored three runs on seven hits, scattered thru six innings, while Cleveland scored six runs on ten hits, scattered thru seven innings. The Indians were unable to send a run across the plate in nine innings. While who replaced Bagby in the seventh inning proved more of a puzzle to the home combination, the Robins going out on strikes or flies in order during the two periods in which he worked.

The contest aside from Grimes' power to puzzle the winners of the American pennant at critical times in a manner somewhat similar to the first contest yesterday. Speaker made another sensational catch in the fourth when he raced far over to Jamieson's territory and hauled down Kilduff's long drive. Right Fielder Giffith started with a catch off the wall in the seventh when he speared Sewell's savage smash in a manner somewhat similar to this thrilling handling of Speaker's drive of Tuesday.

Show Defensive Skill.  
A flash of the defensive skill of the Indians was shown in the third session with Brooklyn at bat. Bagby served a slow floater to Grimes, who promptly peppered it into center for a single. Ol' Bagby followed with a bunt, which was caught by the second baseman in his effort to hold the bag and Grimes dashing into the sack turned a complete somersault over the prostrate infielder. Griffith's double to right scored Grimes and put Olson on third. Bagby purposely passed Zack Wheat and relied on a play on Myers to shut off the rally. The entire Cleveland team was on its feet when Myers slugged a scizzing grounder to Gardner, the Indian's third baseman shot it back to O'Neill forcing out Olson. O'Neill endeavored to turn the play into a second out at first but his throw hit Myers in the back as the latter raced for the initial sack. Johnston was on the job however, and rushed up the baseline where he picked up the ball and buried it back to O'Neill in time to catch Griffith trying to score. O'Neill added the play by blocking the approach to the plate for which he was roundly booed by the Brooklyn fans. The play was legitimate, however, and Umpire Connolly, who was officiating behind the plate, paid no attention to the protests of the home rooters.

Brooklyn's other runs were scored without any attendant features.

## SENATOR REED SAYS WILSON'S SPEECH IN RECORD

### Calls on President to Produce His Steno- graphic Notes

#### SENATOR NEW ALSO ISSUES STATEMENT

KANSAS CITY, Mo., Oct. 6.—Asserting that President Wilson had made a statement at the peace conference promising Rumania and Serbia American military assistance under the proposed league of nations covenant United States Senator James A. Reed of Missouri, Democrat, late today sent a telegram to Senator Selden P. Spencer, his Republican colleague, declaring that the statement was a matter of record and suggesting that the president produce the stenographic reports of the peace conference showing just what was said.

Senator Reed's telegram was in response to one from Senator Spencer asking information on the subject. Senator Reed's telegram declared the statement was made by the president in an address before the peace conference on May 31, 1919, but "did not get by the censor" until December 7, 1919, when it was brought to this country by a famous newspaper correspondent and published in the Washington Star of that date.

The speech also appeared in full in the Congressional Record of December 4, 1919, the telegram continued adding that it also was copyrighted by a newspaper syndicate and given wide circulation thruout the country. "There is one way this dispute can be settled. Let the president produce the stenographic records of the peace conference showing just what was said," it continued. Following dispatch of the telegram to Senator Spencer, Senator Reed gave out a statement in which he said in part:

"What now do we understand? That President Wilson now means we are not to be under obligations to send our armies to protect Rumania and other members of the league against attack? If so, what becomes of Article X, which he declares is the heart of the covenant?"

Senator Reed's statement also said that besides the official stenographic records of the peace conference many semi-official reports of the conference attributed the statement to President.

Senator Spencer's Telegram  
Salisbury, Mo., Oct. 6.—Senator Selden P. Spencer, when informed of President Wilson's telegram to him, today prepared the following message for transmission to the president:

"There must be no misunderstanding about a matter of such great national importance as to whether you stated to Premier Bratianu of Rumania that the American army and navy would be sent across the sea in case the world was again troubled. It was for months been publicly stated that such an agreement on your part is incorporated in the stenographic report of the eighth plenary session of the peace conference. I again beg of you to let me know whether you made such an agreement."

The president's telegram stated that Mr. Wilson was content to let Missouri voters decide who was "telling the truth."

## GUARANTEE AGAINST PRICE DECLINE IS A FORM OF INSURANCE

### Urge the Commission to Fol- low a Hands Off Policy

#### GUARANTEE DOES NOT MAKE HIGH PRICES

WASHINGTON, Oct. 6.—The practice of manufacturers' guarantee against price decline was characterized as a good form of "insurance" by representatives of business interests employing the device who appeared today at the federal trade commission hearing. They urged the commission to follow a hands-off policy and decide complaints against the system on the merits of individual cases.

The commission concluded its opinion investigation after briefs may be filed during the next thirty days. Proponents of the guarantee practice denied that it aided in maintaining high prices. On the contrary they declared it had resulted in an immediate passing on of price reductions by manufacturers to the consumers. As the manufacturer assumed the risk of losses the dealer was forced thru competition to sell at his lowest of the ground, speakers argued.

Speakers opposing the practice told the commission that there was no way to avoid the menace of overstocking by dealers who were certain of sustaining no loss under the guarantee.

## ARMISTICE WILL CLOSE WARFARE

### Situation Has Been Most Serious Since Great World War—Hope Will Be Settled Permanently.

Warsaw, Oct. 6.—The cessation of hostilities between the Russian soviet forces and Polish forces on Friday when the armistice is expected to be concluded will mark the close of the most serious warfare following the great war. The fighting between the Russians and Poles began in December, 1918, and reached an acute stage when the Poles made their first westward move and were threatening Warsaw. The present negotiations were initiated about that time, first at Minsk and then at Riga, and have resulted in the armistice now announced which is to bring the fighting to a halt on Friday.

## HARDING MAKES OPENING SPEECH AT DESMOINES

### Presidential Nominee Begins Brief Tour Today

#### SPEAKS TO CHILDREN AT DECATUR, INDIANA

CHICAGO, Oct. 5.—When G. Harding, the Republican nominee stopped over for four hours in Chicago tonight on a midwestern speaking trip, but spent his time quietly at a downtown hotel talking over the campaign policies with his party leaders.

Altho no speech and no formal reception were planned, the candidate did not escape popular attention. A crowd at the railway station cheered him when he emerged from his private car late in the afternoon and another throng was gathered about his hotel in anticipation of his coming. Earlier in the day, during his trip here from Marion he had been greeted by cheering men and women at several Ohio and Indiana cities and made short speeches at Lima, Ohio, Decatur, Huntington, Growth Point and Hammond, Ind., touching on numerous issues of the campaign.

## First Speech at Des Moines.

Leaving here late tonight the Senator will make his first prepared speeches of his trip at Des Moines tomorrow morning.

A pronouncement on the league of nations probably embodying a reply to recent Democratic utterances will be the principal theme of the address.

Accompanied by Mrs. Harding he dined with Senator Harry S. Ney, chairman of the Republican Speakers Bureau, and it is understood that among other things the question of the speaking dates in the east for late October were discussed at the conference.

Harry M. Daugherty, the senator's pre-convention manager, was among those present. The candidate's train is due at Des Moines at 8:20 a. m. tomorrow and he will spend two hours in conference with local Republican leaders before he makes his public address at the Coliseum. He will leave at noon and in the evening will speak at Omaha, Neb.

## Many Items Discussed.

The league of nations, business stability, increased production and the election of a Republican congress were among the many issues discussed briefly by the nominee in his rear platform speeches on the way across Ohio and Indiana. At nearly every stop he referred to the preservation of American nationality and reiterated his pledge that while he was president no council of foreign powers ever would send American soldiers to war.

At Lima and again at Hammond the senator declared he wanted to maintain the present high standard of wages, but on condition that production was kept at a high efficiency.

"I caution you," he said at Lima, "that that never could happen under the policies of a party which believes in opening the doors of America to foreign-made products. If I am elected president, as I expect to be, I am going to stand for the policy that furnishes American markets first for American products."

She is survived by four grandsons, James B. Sheehan, Frank J. Sheehan and John W. Sheehan, all of Springfield and Leo C. Sheehan of Battle Creek, Mich. Funeral services will be held here but the time is not yet known. Interment will be made in Jacksonville.

## SECRETARY DANIELS SPOKE AT JOLIET

JOLIET, Ill., Oct. 6.—Republican politicians denouncing the president and the league of nations are preaching "destruction and disaster" Secretary Daniels declared in an address here tonight. Having kept the country they have no plan for keeping us out of war, he added.

## BOTH NATIONS MUST LAY THEIR CARDS ON THE TABLE—GEDDES

### Must Have Policy for the Development of World Trade

#### AMERICA'S MERCHANT MARINE POLICY

WASHINGTON, Oct. 6.—Adequate British trade development by Great Britain and the United States requires that both nations lay their cards on the table, Sir Auckland Geddes, British ambassador declared tonight at a dinner given by the chamber of commerce of the United States to representatives of the British chamber of commerce as the guests here of the American organization.

The ambassador insisted that there was greater desire in Great Britain for closer co-operation with America than has been indicated by many American writers. He had learned from these writers he said, "how diabolically clever the British, more especially the English are, and with what machivellian duplicity the British play their trade."

## Play With Cards on Table

"I believe that it is imperative that each country should play the great game of world trade, so important to us both, with its cards upon the table, insofar as trade is supported and developed by national, that is political action," he said. "Secrecy breeds suspicion, the mother of hostility. I believe that full reciprocity in frankness is essential, if we are to avoid difficulties. I believe most strongly that in spite of possible local diminutions of profit, co-operation between our nations will pay us both best in the long run."

The ambassador denied published reports that the British government had resorted to the German government a number of German ships with the object of hindering the development of the American mercantile marine. "Utter nonsense," he said.

## Tells of America's Policy

Echoing the ambassador's plea for co-operation, Secretary Alexander of the department of commerce, told of America's merchant marine policy.

"The United States does not contemplate any attempt to drive other nations out of the shipping business," he said. "On the other hand I am only stating what is fair when I say it is the policy of this country to open a fair share of the world's shipping. The requirement of her growing import and export trade are so great that commercially as well as from a broader national standpoint, it is anomalous but we simply want ships enough to take care of our own expanding business."

## OFFICIAL CANVASS SHOWS LEN SMALL IS WINNER IN PRIMARY

### Candidate and Governor Lowden Clasp Hands at Close of Count—Race for At- torney General Also Close—Emmerson Best Runner—Democratic Results are Given

#### SPRINGFIELD, Ill., Oct. 6.—When the state canvassing board completed its work at three o'clock this afternoon arriving at official totals showing Len Small of Kankakee, the Republican candidate for governor by a plurality of 7,902 votes over Lieutenant Governor John G. Oglesby, Governor Lowden, ex-officio head of the canvassing board and the candidate clasped hands.

Then ended the most strenuous of all Illinois primary fights, in which Governor Lowden had backed Mr. Oglesby and opposed with all the forces of administration the candidacy of Mr. Small. The session of the board passed without any untoward incident.

However, Mr. Small was attended by a corps of legal assistants. Word of Judge Burn's action in Chicago cleared the way for him. Before convening the board learned that the judge had refused to consider the petition of Lieutenant Governor Oglesby that the Chicago primary vote be thrown out because of alleged frauds in 300 precincts. This was the only hindrance to official announcement.

Figures then approved showed Len Small's vote to be 377,005 and Oglesby's 369,103. Downstate gave Small 156,276 and Oglesby 243,000 and Cook county voted 220,729 for Small and 128,703 for Oglesby.

Emmerson Ran Strong.  
Vote on Attorney General was next closest to the governor vote. Edward J. Brundage was re-nominated by a majority of 13,793 over Richard Barr. The best race in the primary was run by Secretary of State L. L. Emmerson for re-nomination. By a plurality of over 61,000 votes he outstripped every other candidate on the ticket. His majority over Dr. William R. H. Reid, of Chicago, is 127,945. Mr. Emmerson received 236,827 votes downstate and 150,077 in Chicago, giving him a total of 486,904, while Dr. Reid's downstate vote was 143,813 and his Cook county vote 195,156, totalling 338,969. Mr. Emmerson carried every county in the state except Cook and Kankakee.

Official votes on other Republican state candidates follows: United States Senator: W. B. McKinley ... 372,530 B. M. Chipherfield ... 65,742 Frank L. Smith ... 361,130

Democratic Totals.  
Democratic totals showed James Hamilton Lewis, the party's nominee for governor over Barrett O'Hara, by a margin of 126,890. Lewis drew 153,717 votes and O'Hara, 26,827. And in the United States Senator race which is to be contested on Robert E. Burke's complaint that the women vote which defeated him was unlawful Mr. Burke got 83,624 and the victor, Peter A. Waller, 87,653.

Women voters in that contest were 20,648 for Waller and 15,502 for Burke. Figures, however showed the men also gave Waller most. He got 66,995 male votes to Burke's 65,122.

The vote for other Democratic offices follows: Lieutenant Governor: W. W. Williams ... 112,464 Leo G. Flana ... 44,843 Secretary of State: Arthur W. Charles ... 107,785 A. E. The South is the one thing solid in the Democratic mind.

There are many wars now raging in Europe notwithstanding the league of nations.

Warren G. Harding will be fifty five years old election day. Just the right age.

An exchange says Gov. Cox has been traveling on a Wilson "one track mind."

When Franklin D. Roosevelt announced that the United States wastes money he had evidently scarcely recovered his self-control after learning that Creel's Wilson-Democratic party propaganda bureau had cost the country \$5,851,176.55.

## THE MAINE CAMPAIGN.

One of the several excuses given by the Democrats after the Maine election was lack of money. The inference to be drawn was that the Republicans had showered the Pine Tree State with currency. The statement filed with the Maine Secretary of State by the Republican

State Committee shows just how much truth there was in the suggestions.

The Republicans disbursed \$42,206. Reducing this to a familiar basis, the wicked and wealthy Republicans spent about twenty-five cents on the information and exhortation of each Maine family. In the whole State, in all of that momentous campaign, the Republicans spent the price of half a dozen first class motor cars.

## OHIO DEMOCRATS.

"By the consent of the governor" has proved too large a pill for Ohio Democrats to swallow and as a result they have organized the True Democracy League of Ohio which has for its purpose the defeat of Governor Cox for president.

The League was organized in 1914 after Cox had been governor two years and had put thru the legislature laws providing for appointments to office. "By consent of the governor." According to a recent bulletin issued by the True Democracy League, the organization members cast 66,000 votes against Cox and his "By the consent of the governor" policy.

One of the charges made against Governor Cox in the League Bulletin is that during his first term of office he sponsored a tax law which denied the people the right to elect local taxing bodies and provided for their appointment by a state board appointed by the governor. Two years later the Democratic state platform denounced this law and it was repealed in the term of Governor Willis.

## A CREELING CAMPAIGN.

The announcement that George Creel, former director of the Wilson publicity bureau, is to take the stump for Mr. Cox and the Wilson league of nations was received with a sardonic chuckle by official Washington and a roar of laughter by practical statesmen everywhere. A Washington journalist, commenting on the announcement remarked: "Well, if the people did not believe the Democrats were lying about the league of nations before, they will be convinced of it now, for no man in America can handle a subject of that character so equivocally as can George Creel. Someone ought to give George an order on Fred Upham, the Republican treasurer, to defray the expenses of this creeling trip. With Cox, Roosevelt the lesser, and Creel on the stump the Republicans can afford to call in their campaigners and turn their attention to 'problems of reconstruction.'"

The New York Tribune declared: "This is the same Mr. Creel who is commonly credited in sacrosanct circles as having had more to do with the heart of the world than any other acolyte. Mr. Creel is, in short, the juvenile hero of the Wilson Administration, its Lochinvar and Douglas Fairbank and boy soprano rolled into one. It will be rare caroling that the citizenry will hear from him."

no rolled into one. It will be rare caroling that the citizenry will hear from him."

## MORE ONE-MAN GOVERNMENT.

By his refusal to abrogate clauses in certain commercial treaties which the United States has with foreign nations, President Wilson is again recorded as violating the plain mandate of law, and, in this instance, as in others, he validated that law by his signature. Section 34 of the Merchant Marine Act provides: "That in the judgment of Congress, articles or provisions in treaties or conventions to which the United States is a party, which restrict the right of the United States to impose discriminating customs duties on imports entering the United States in foreign vessels and in vessels of the United States, and which also restrict the right of the United States to impose discriminatory tonnage dues on foreign vessels and on vessels of the United States entering the United States, should be terminated, and the President is hereby authorized and directed within ninety days after this act becomes law to give notice to the several governments, respectively, parties to such treaties or conventions, that so much thereof as imposes any such restriction on the United States will terminate on the expiration of such periods as may be required for the giving of such notice by the provisions of such treaties or conventions."

On behalf of Mr. Wilson it is given out at Washington, in explanation of his refusal to serve these notices, that "if the word 'directed' had been omitted from this section, it would have been only an expression of views, and it is doubted if the insertion of the word 'directed' has added strength to the law." Of course Congress inserted the word 'directed' for the very purpose of making the section something more than a mere "expression of views." The clause thereby became mandatory, and by his failure to comply with it Mr. Wilson violates his oath of office. When a President clearly violates the law, he qualifies himself for impeachment, and intimations have been made that a resolution for his impeachment will be presented at the next session of Congress.

The records show that 29 commercial treaties with 24 nations come under this direction of due notice to be given. Practically all of these agreements have provisions for their change within six to twelve months. Since 1914 the United States has notified 16 nations that various conventions were to be modified or repealed, and one nation has notified the United States of such change. In no case has there been international friction. The purpose of Section 34, above quoted, is to aid in the perpetuation of the U. S. Merchant Marine. Naturally maritime powers as Great Britain, Japan, Sweden, and Denmark, are opposed to the abrogation of these treaties, as they are opposed to any attempt of the United States to maintain a merchant marine, because in the past they have been the carriers for American foreign trade. Just as Mr. Wilson repudiated his promise of free tolls for American vessels thru the Panama Canal, and forced a law thru Congress repealing a measure which so provided; just as he has repeatedly refused to countenance any legislation which put us on an equality with other nations in trade and intercourse so he now refuses to stand by his signature to the Merchant Marine law and give the notices directed by Section 34. Having learned that certain maritime nations oppose the treaty abrogations contemplated, he again yields and again stands for "American last."

But how can the Democratic party advocate law and order when the head of the party so repeatedly and flagrantly violates the law? The hypocrites must be chased out of office before the laws will be upheld.

## Rippling Rhymes By Walt Mason

The Zoo.  
I sometimes go to see the Zoo, where sheltworn Bruin rages, and molly lions, grim and blue, look forth from rusty cages. And there are wolves from forests dark, and monkeys ten or seven.

and weary critters howl and bark and send their wails to heaven. All day they pace the sodden floor (save when the keepers feed 'em) and stick their noses thru the door, and yearn and yelp for freedom. They're dreaming of the jungles deep where once they gayly gambled, or of the mountains wild and steep where in their youth they scrambled. They're thinking of the forest dense, of wood, low, strange and clever; and now behind an irony, realize they're doomed to pace forever. No more for these unhappy beasts the hunting call and rilly; no more for them the outlaw feasts in desert, swamp or valley. No more in some vast silent land will their swift feet be racing; and no human beings stand, and watch their tireless pacing. We've put these sadyed brutes in jail, without a writ or warrant in musty cages foul and stale, with atmosphere abhorrent. They did not booze or beat their wives or do some speed law sinning; they merely tried to live their lives as planned in the beginning. And now the poor moth-eaten languish, their idle, snooping rubbernecks may view their endless anguish.

They were traveling in a Twin Packard Six and were on their way from New York to California. The chauffeur said they had come this far from the great city in four days. The car was an ordinary open one and the chauffeur said the count had four others of various makes at home. They left early in the morning on their journey toward the setting sun.

## PRIEST GARAGE NOW HAS NEW OWNERS

George Lukeman and J. N. Conover Purchase Ford Garage—Will Take Possession Today.

One of the most important business transactions in recent months was that whereby C. N. Priest disposed of his Garage building and Ford agency to Messrs. George Lukeman and J. N. Conover.

The deal has been pending for several days but was not finally closed until Wednesday. The new owners will take charge of the business this morning.

The new proprietors are both well known in Jacksonville business circles. Mr. Lukeman was engaged in the clothing business with his brother, J. C. Lukeman on the West Side of the Square for ten years. They closed out the business after the building they occupied had been sold and they were unable to secure a desirable location. He is regarded as one of the city's most successful young business men.

Mr. Conover is a traveling salesman and for the past seventeen years has been with the James H. Forbes Tea and Coffee House. He is one of the most successful salesmen the company has and will continue his work with the firm for the present, tho he will devote considerable time to the new business. Ultimately he will give all his attention to the firm.

Speaking of their policy Thursday Messrs. Conover and Lukeman said the firm name would be "Lukeman - Conover Company, Ford Dealers."

It is the intention to carry at all times parts for both tractors and all makes of Ford cars. In addition will be a first-class service station where gas and oil can be secured, and where the best of mechanics will be employed. The new firm will strive to make the service 100 per cent efficient.

As both of the new proprietors are of the hustling type they will no doubt meet with success in their new venture. The Priest Garage is one of the best and most complete in Central Illinois, and Mr. Priest who built it has been most successful in the business.

Mr. Priest has been engaged in the automobile business for the past nine years. He has been the exclusive Ford agent for this territory and one of the leading dealers of Illinois. He erected the West State street garage in 1916 and opened it for business in January, 1917. A big charity bazaar was held in the garage before Mr. Priest moved it.

He also has garages in Bluffs and Winchester but it is understood he is negotiating the sale of these places and will retire from active work tho he will still look after his farming interests. Mr. Priest said last night he was grateful for the patronage given him by the local public and hoped they would extend the same to his successors. He will remain with the new firm for a short time.

Warren G. Harding will be fifty five years old election day. Just the right age.

An exchange says Gov. Cox has been traveling on a Wilson "one track mind."

When Franklin D. Roosevelt announced that the United States wastes money he had evidently scarcely recovered his self-control after learning that Creel's Wilson-Democratic party propaganda bureau had cost the country \$5,851,176.55.

State Committee shows just how much truth there was in the suggestions.

The Republicans disbursed \$42,206. Reducing this to a familiar basis, the wicked and wealthy Republicans spent about twenty-five cents on the information and exhortation of each Maine family. In the whole State, in all of that momentous campaign, the Republicans spent the price of half a dozen first class motor cars.

**OHIO DEMOCRATS.**

"By the consent of the governor" has proved too large a pill for Ohio Democrats to swallow and as a result they have organized the True Democracy League of Ohio which has for its purpose the defeat of Governor Cox for president.

The League was organized in 1914 after Cox had been governor two years and had put thru the legislature laws providing for appointments to office "By consent of the governor." According to a recent bulletin issued by the True Democracy League, the organization members cast 66,000 votes against Cox and his "By the consent of the governor" policy.

One of the charges made against Governor Cox in the League Bulletin is that during his first term of office he sponsored a tax law which denied the people the right to elect their local taxing bodies and provided for their appointment by a state board appointed by the governor. Two years later the Democratic state platform denounced this law and it was repealed in the term of Governor Willis.

**A CREELING CAMPAIGN.**

The announcement that George Creel, former director of the Wilson publicity bureau, is to take the stump for Mr. Cox and the Wilson league of nations was received with a sardonic chuckle by official Washington and a roar of laughter by practical statesmen everywhere. A Washington journalist, commenting on the announcement remarked: "Well, if the people did not believe the Democrats were lying about the league of nations before, they will be convinced of it now, for no man in America can handle a subject of that character so equivocally as can George Creel. Someone ought to give George an order on Fred Upham, the Republican treasurer, to defray the expenses of this creeling trip. With Cox, Roosevelt the lesser, and Creel on the stump the Republicans can afford to call in their campaigners and turn their attention to problems of reconstruction."

The New York Tribune declared: "This is the same Mr. Creel who is commonly credited in sacrosanct circles as having had more to do with the heart of the world than any other acolyte. Mr. Creel is, in short, the juvenile hero of the Wilson Administration, its Lechinvar and Douglas Fairbank and boy soprano."

rolled into one. It will save caroling that the citizenry will hear from him."

**MORE ONE-MAN GOVERNMENT.**

By his refusal to abrogate treaties or conventions to which the United States is a party, which restrict the right of the United States to impose discriminating customs duties on imports entering the United States in foreign vessels and in vessels of the United States, and which also restrict the right of the United States to impose discriminatory tonnage dues on foreign vessels and on vessels of the United States, should the United States, should the President is hereby authorized and directed within ninety days after this act becomes law to give notice to the several governments, respectively, parties to such treaties or conventions, that so much thereof as imposes any such restriction on the United States will terminate on the expiration of such periods as may be required for the giving of such notice by the provisions of such treaties or conventions.

On behalf of Mr. Wilson it is given out at Washington, in explanation of his refusal to serve these notices, that "if the word 'directed' had been omitted from this section, it would have been only an expression of views, and it is doubted if the insertion of the word 'directed' has added strength to the law." Of course Congress inserted the word 'directed' for the very purpose of making the section something more than a mere "expression of views." The clause thereby became mandatory, and by his failure to comply with it Mr. Wilson violates his oath of office. When a President clearly violates his law he qualifies himself for impeachment, and intimations have been made that a resolution for his impeachment will be presented at the next session of Congress.

The records show that 29 commercial treaties with 24 nations come under this direction of due notice to be given. Practically all of these agreements have provisions for their change within six to twelve months. Since 1914 the United States has notified 16 nations that various conventions were to be modified or repealed, and one nation has notified the United States of such change. In no case has there been international friction. The purpose of Section 34, above quoted, is to aid in the perpetuation of the U. S. Merchant Marine. Natural such maritime powers as Great Britain, Japan, Sweden, and Denmark, are opposed to the abrogation of these treaties, as they are opposed to any attempt of the United States to maintain a merchant marine, because in the past they have been the carriers for American foreign trade. Just as Mr. Wilson repudiated his promise of free tolls for American vessels thru the Panama Canal, and forced a law thru Congress repealing a measure which so provided; just as he has repeatedly refused to countenance any legislation which put us on an equality with other nations in trade and intercourse so he now refuses to stand by his signature to the Merchant Marine law and give the notices directed by Section 34. Having learned that certain maritime nations oppose the treaty abrogations contemplated, he again yields and again stands for "America last."

But how can the Democratic party advocate law and order when the head of the party so repeatedly and flagrantly violates the law? The hypocrites must be chased out of office before the laws will be upheld.

Yesterday morning there stopped at the Joy Brothers' garage an imposing outfit, the property of a count who had married a daughter of Jacob Astor of New York. They were traveling in a Twin Packard Six and were on their way from New York to California. The chauffeur said they had come this far from the great city in four days. The car was an ordinary open one and the chauffeur said the count had four others of various makes at home. They left early in the morning on their journey toward the setting sun.

and weary critters howl and bark and send their wails to heaven. All day they pace the sodden floor (save when the keepers feed 'em) and stick their noses thru the door, and yearn and yelp for freedom. They're dreaming of the jungles deep where once they gayly gambled, or of the mountains wild and steep where in their youth they scrambled. They're thinking of the forest dense, of wood lore strange and clever; and now behind an iron fence they're doomed to pace forever. No more for these unhappy beasts the hunting; call and rally; no more for them the outlaw feasts in desert, swamp or valley. No more in some vast silent land with their swift feet be racing; and idle human beings stand, and watch their tireless pacing. We've put these sated brutes in jail, without a writ or warrant in rusty cages foul and stale, with atmosphere abhorrent. They did not booze or beat their wives or do some speed law sinning; they merely tried to live their lives as planned in the beginning. And now the poor moth-eaten wrecks behind the bars must languish, that idle, snooping rubbernecks may view their endless anguish.

**PRIEST GARAGE NOW HAS NEW OWNERS**  
George Lukeman and J. N. Conover Purchase Ford Garage—Will Take Possession Today.

One of the most important business transactions in recent months was that whereby C. N. Priest disposed of his Garage building and Ford agency to Messrs. George Lukeman and J. N. Conover.

The deal has been pending for several days but was not finally closed until Wednesday. The new owners will take charge of the business this morning.

The new proprietors are both well known in Jacksonville business circles. Mr. Lukeman was engaged in the clothing business with his brother, J. C. Lukeman on the West Side of the Square for ten years. They closed out the business after the building they occupied had been sold and they were unable to secure a desirable location. He is regarded as one of the city's most successful young business men.

Mr. Conover is a traveling salesman and for the past seventeen years has been with the James H. Forbes Tea and Coffee House. He is one of the most successful salesmen the company has and will continue his work with the firm for the present, tho he will devote considerable time to the new business. Ultimately he will give all his attention to the firm.

Speaking of their policy Thursday Messrs. Conover and Lukeman said the firm name would be "Lukeman-Conover Company, Ford Dealers."

It is the intention to carry at all times parts for both tractors and all makes of Ford cars. In addition will be a first-class service station where gas and oil can be secured, and where the best of mechanics will be employed. The new firm will strive to make the service 100 per cent efficient.

As both of the new proprietors are of the hustling type they will no doubt meet with success in their new venture. The Priest Garage is one of the best and most complete in Central Illinois, and Mr. Priest who built it has been most successful in the business.

Mr. Priest has been engaged in the automobile business for the past nine years. He has been the exclusive Ford agent for this territory and one of the leading dealers of Illinois. He erected the West State street garage in 1916 and opened it for business in January, 1917. A big charity ball was held in the garage before Mr. Priest moved it.

He also has garages in Bluffs and Winchester but it is understood he is negotiating the sale of these places and will retire from active work tho he will still look after his farming interests.

Mr. Priest said last night he was grateful for the patronage given him by the local public and hoped they would extend the same to his successors. He will remain with the new firm for a short time.

## Sure Relief

**BELL-ANS FOR INDIGESTION**

6 BELL-ANS Hot Water Sure Relief

**A Stubborn Cough Loosens Right Up**

This home-made remedy is a wonder for quick results. Easily and cheaply made.

Here is a home-made syrup which millions of people have found to be the most dependable means of breaking up stubborn coughs. It is cheap and simple, but very prompt in action. Under its healing, soothing influence, chest soreness goes, phlegm loosens, breathing becomes easier, tickling in throat stops and you get a good night's restful sleep. The usual throat and chest colds are conquered by it in 24 hours or less. Nothing better for bronchitis, hoarseness, croup, throat tickle, bronchial asthma or winter coughs.

To make this splendid cough-syrup, pour 2½ ounces of Pinex into a pint bottle and fill the bottle with plain granulated sugar syrup and shake thoroughly. If you prefer use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, you get a full pint—a family supply—of much better cough syrup than you could buy ready-made for three times the money. Keeps perfectly and children love its pleasant taste. Pinex is a special and highly concentrated compound of genuine Norway pine extract, known the world over for its prompt healing effect upon the membranes.

To avoid disappointment ask your druggist for "2½ ounces of Pinex" with full directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

## 419 Eggs From 20 Hens In 30 Days

Mr. Dougherty Got This Result In October. Plan Is Easily Tried.

"I tried Don Sung and the results were far past my expectations. I got 419 eggs in 30 days from 20 hens while moulting. I think this is wonderful, as these birds laid at all before."

Mr. Dougherty bought 100 eggs of Don Sung in October and wrote this letter in November. Eggs are his profit on \$5 dozen eggs from hens that formerly laid little or nothing.

This may sound too good to be true, but it costs nothing to find out. We'll make you the same offer we made him. Give your hens Don Sung and watch results for one month. If you don't find that it pays for itself and pays you a good profit besides, simply tell us and your money will be cheerfully refunded.

Don Sung (Chinese for egg-laying) is a scientific tonic and conditioner. It is easily given in the feed, improves the hen's health and makes her stronger and more active. It tones up the egg-laying organs, and gets the eggs, no matter how cold or wet the weather.

You can obtain Don Sung from your druggist or poultry remedy dealer, or send \$1.04 (includes tax) for a package by mail. Burrell Druggery Co., 214 Columbia Bldg., Indianapolis, Ind.

## OLD SHAVING BRUSH DOOMED

Even Lather and Rubbing Are Now Passe.

Up-to-date Men Are Using Barbasol for Shaving.

Life is truly becoming simpler. Another "habit" has been found a fallacy. All these years men have thought the shaving brush a necessity. With it we have wasted hours of our valuable time working up the lather on our beards preparatory to the daily shave.

Now, they say, this was lost motion; a waste of time. The shaving brush is dangerous, carries germs of fatal disease, such as anthrax.

And, the alkali, which must be a part of soap in order to make lather, irritates the face and makes it sore.

Barbasol, the antiseptic beard softener, does away with all these, makes the skin healthy and free from all shaving irritations, smart, and soreness, and gives a better shave.

All druggists sell Barbasol. If your druggist hasn't Barbasol it will be mailed to you on receipt of price, 35 cents, and druggist's name. Made only by the Napco Corporation, Indianapolis, Indiana.

Put a Rich Blood Will Keep

Your Body Vigorous and Healthy

When impurities creep into your blood the first symptoms are usually a loss of appetite, followed by a gradual lessening of energy; the system becomes weaker, day by day, until you feel yourself on the verge of a breakdown.

This whole condition is a warning that nature needs assistance in giving the system a general house-cleaning.

Nearly everybody needs a few bottles of S. S. S., the great vegetable blood remedy, to cleanse out

all impurities about twice a year. It is an excellent idea to take this precaution to keep the system in a vigorous condition so as to more easily resist disease to which every one is subject. S. S. S. is without an equal as a general tonic and system builder. It improves the appetite and gives new strength and vigor to both old and young.

## TALK TO CLUB WOMEN

Local Woman Made Address on "The Republican Platform" at District Federation of Women's Clubs Convention in Winchester Wednesday Afternoon.

One of the speakers at the convention of the Federation of Women's Clubs of the 20th congressional district at Winchester yesterday was Mrs. J. J. Reeve of this city. Mrs. Reeve presented "The Republican Platform" and her summary of the principal planks in the platform is given in full herewith.

The Republican National Platform adopted at the National Convention in Chicago is a review of the existing political and economic conditions and a comprehensive outline of remedial measures. In the time allotted me, I can only give a sentence-summary of the principal planks in the platform, excepting the one which seems to be the principal issue between the two parties, and that I will give in full.

The platform declares for the restoration of Constitutional Government and ending of executive usurpation.

Declares for tribunals for voluntary settlement of labor disputes and the principles of co-operation and arbitration in industrial world.

Congress is commended for constructive legislation, including the Railway Act, the Budget Bill, return of telephone and telegraph lines to private ownership and curtailment of Federal expenditure.

It pledges readjustment of Government activities to a peace time basis and economy in public expenditures.

Re-Affirms Tariff Principles  
It re-affirms the Protective Tariff principles with a pledge for its restoration when alien importations again endanger American enterprise and employment.

It favors a selective process in admission of immigrants with continuance of Asiatic exclusion policy and a more rigid test for naturalization of aliens.

It declares for free speech, free press and free assembly, but no person may advocate resistance to law or overthrow of American institutions; deportation processes should be safeguarded by law.

It advocates liberal appropriations for road improvements, National conservation policy and comprehensive reclamation system. It unconditionally advocates Woman Suffrage which since that

time has become a part of the Constitution.

It has a strong plank in favor of Federal Aid for Education and the improvement of health conditions for all persons; strongly advocates rigid laws with reference to women and children in industry. Expresses friendship for all foreign nations, but opposes entangling alliances with any.

**Strong Peace Declaration**  
It has a strong declaration with reference to an international association for peace among nations, based on justice, settling the difference among nations by equity rather than by force and strongly opposes any sacrifices of American National independence, and declares that the Covenant signed at Paris does sacrifice American rights, interests and ideals.

The Senate is commended for refusing the mandate for Armenia and a part of that plank is as follows:

"According to the estimate of the Harbord commission, organized by authority of President Wilson, we would be called upon to send 59,000 American boys to police Armenia, and to expend \$276,000,000 in the first year, and \$756,000,000 in five years. This estimate is made upon the basis that we would have only roving bands to fight; but in case of serious trouble with the Turks or with Russia, a force exceeding 200,000 would be necessary."

"We deeply sympathize with the people of Armenia and stand ready to help them in all proper ways; but the Republican party will oppose now and hereafter the acceptance of a mandate for any country in Europe or Asia."

**The Principal Plank**  
The principal plank in the platform of the Republican and Democratic parties, and the one upon which the election will probably turn, is the plank with reference to the adoption or rejection of the Treaty of Versailles referred to as "The League of Nations."

This being, as Mr. Bryan would say, "the paramount issue," I will give it to you in full:  
"The Republican party stands for agreement among the nations to preserve the peace of the world. We believe that such an International Association must be based upon international justice and must provide methods which shall maintain the rule of public right by the development of law and the decisions of impartial courts, and which shall secure instant and general international conference whenever peace shall be threatened by political action, so that the nations pledged to do and insist upon what is just and fair may exercise their influence and power for the prevention of war."

"We believe that all this can be done without the compromise of National independence, without depriving the people of the United States in advance of the right to determine for themselves what is just and fair, when the occasion arises, and without involving them as participants and not as peace-makers in a multitude of quarrels the merits of which they are unable to judge."

**Would Produce Controversy**  
"The covenant signed by the president at Paris falls signally to accomplish this great purpose and contained stipulations not only intolerable for an independent people, but certain to produce the injustice, hostility and controversy among nations which it is proposed to prevent."

"That covenant repudiated to a degree wholly unnecessary and unjustifiable the time-honored policies in favor of peace declared by Washington, Jefferson and Monroe and pursued by all American administrations for more than a century, and it ignored the universal sentiment for generations past in favor of International Law and Arbitration and it rested the hope of the future upon mere expediency and negotiations."

**Opinion of Majority Overlooked**  
"The unfortunate insistence of

the president upon having his own way without any change and without any regard to the opinion of a majority of the Senate which shares with him the treaty-making power, and the President's demand that the treaty should be ratified without any modification, created a situation in which Senators were required to vote upon their consciences and their oaths according to their judgment against the treaty as it was presented or submitted to the command of a dictator in the matter where the authority and the responsibility under the Constitution were theirs and not his.

"The Senators performed their duty faithfully. We approve their conduct and honor their courage and fidelity, and we pledge the coming Republican administration to such agreements with the other nations and the world as shall meet the full duty of America to civilization and humanity in accordance with American ideals and without surrendering the right of the American people to exercise its judgment and its power in favor of justice and peace."

The strikingly beautiful outlines of the Copper Clad Range stops every woman. As she looks and admires she finds that it is true beauty—the beauty of single elegance—and perfect proportions of fine finish—the thoroughbred of the Range World.

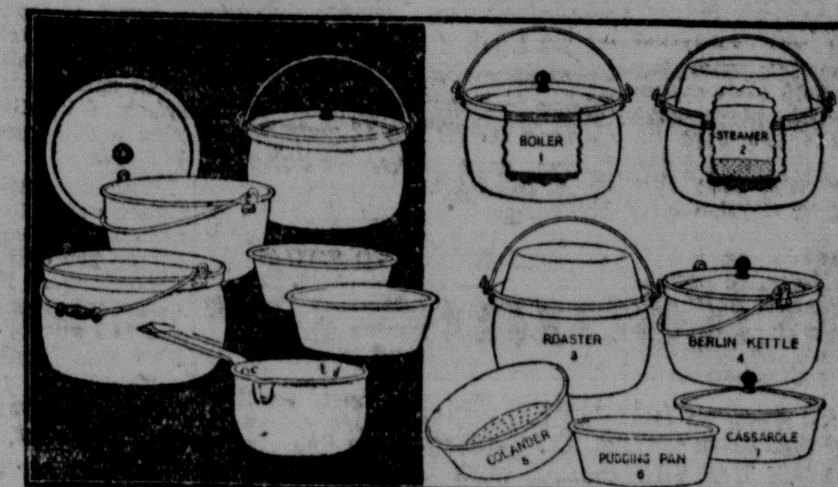

Look for hinges on the above—two only on the oven door and they are long and smooth. There are six other doors, yet not a hinge in sight. No catch, nor hook nor latch. Built like fine automobiles, the hinges are all inside.

### TALK TO CLUB WOMEN

Local Woman Made Address on "The Republican Platform" at District Federation of Women's Clubs Convention in Winchester Wednesday Afternoon.

One of the speakers at the convention of the Federation of Women's Clubs of the 20th congressional district at Winchester yesterday was Mrs. J. J. Reeve of this city. Mrs. Reeve presented "The Republican Platform" and her summary of the principal planks in the platform is given in full herewith:

The Republican National Platform adopted at the National Convention in Chicago is a review of the existing political and economic conditions and a comprehensive outline of remedial measures. In the time allotted me, I can only give a sentence-summary of the principal planks in the platform, excepting the one which seems to be the principal issue between the two parties, and that I will give in full.

The platform declares for the restoration of Constitutional Government and ending of executive usurpation.

Declares for tribunals for voluntary settlement of labor disputes and the principles of co-operation and arbitration in industrial world. Congress is commended for constructive legislation, including the Railway Act, the Budget Bill, return of telephone and telegraph lines, to private ownership and curtailment of Federal expenditure.

It pledges readjustment of Government activities to a peace time basis and economy in public expenditures.

Re-Affirms Tariff Principles  
It re-affirms the Protective Tariff principles with a pledge for its restoration when alien importations again endanger American enterprise and employment.

It favors a selective process in admission of immigrants with continuance of Asiatic exclusion policy and a more rigid test for naturalization of aliens.

It declares for free speech, free press and free assembly, but no person may advocate resistance to law or overthrow of American institutions; deportation processes should be safeguarded by law.

It advocates liberal appropriations for road improvements, National conservation policy and comprehensive reclamation system.

It unconditionally advocates Woman Suffrage which since that

time has become a part of the Constitution.

It has a strong plank in favor of Federal Aid for Education and the improvement of health conditions for all persons; strongly advocates rigid laws with reference to women and children in industry. Expresses friendship for all foreign nations, but opposes entangling alliances with any.

#### Strong Peace Declaration

It has a strong declaration with reference to an international association for peace among nations, based on justice, settling the difference among nations by equity rather than by force and strongly opposes any sacrifices of American National independence, and declares that the Covenant signed at Paris does sacrifice American rights, interests and ideals.

The Senate is commended for refusing the mandate for Armenia and a part of that plank is as follows:

According to the estimate of the Harbord commission, organized by authority of President Wilson, we would be called upon to send 59,000 American boys to police Armenia, and to expend \$276,000,000 in the first year, and \$756,000,000 in five years. This estimate is made upon the basis that we would have only roving bands to fight; but in case of serious trouble with the Turks or with Russia, a force exceeding 200,000 would be necessary.

"We deeply sympathize with the people of Armenia and stand ready to help them in all proper ways; but the Republican party will oppose now and hereafter the acceptance of a mandate for any country in Europe or Asia."

#### The Principal Plank

The principal plank in the platform of the Republican and Democratic parties, and the one upon which the election will probably turn, is the plank with reference to the adoption or rejection of the Treaty of Versailles referred to as "The League of Nations."

This being, as Mr. Bryan would say, "the paramount issue," I will give it to you in full:

"The Republican party stands for agreement among the nations to preserve the peace of the world. We believe that such an International Association must be based upon international justice and must provide methods which shall maintain the rule of public right by the development of law and the decisions of impartial courts, and which shall secure instant and general international conference whenever peace shall be threatened by political action, so that the nations pledged to do and insist upon what is just and fair may exercise their influence and power for the prevention of war."

"We believe that all this can be done without the compromise of National independence, without depriving the people of the United States in advance of the right to determine for themselves what is just and fair, when the occasion arises, and without involving them as participants and not as peace-makers in a multitude of quarrels the merits of which they are unable to judge."

#### Would Produce Controversy

"The covenant signed by the president at Paris fails signally to accomplish this great purpose and contained stipulations not only intolerable for an independent people, but certain to produce the injustice, hostility and controversy among nations which it is proposed to prevent."

"That covenant repudiated to a degree wholly unnecessary and unjustifiable the time-honored policies in favor of peace declared by Washington, Jefferson and Monroe and pursued by all American administrations for more than a century, and it ignored the universal sentiment for generations past in favor of International Law and Arbitration and it rested the hope of the future upon mere expediency and negotiations."

Opinion of Majority Overlooked

"The unfortunate insistence of

the president upon having his own way without any change and without any regard to the opinion of a majority of the Senate which shares with him the treaty-making power, and the President's demand that the treaty should be ratified without any modification, created a situation in which Senators were required to vote upon their consciences and their oaths according to their judgment against the treaty as it was presented or submitted to the command of a dictator in the matter where the authority and the responsibility under the Constitution were theirs and not his.

### PITTSFIELD COACH SENDS MITCH THE DOPE

Tells Him How Good His Team is and Wants it Published—Mitch is Thankful and Says He Wishes all Coaches Would do Likewise.

Coach Mitchell was surprised Wednesday to receive from the coach of the Pittsfield high school football team, which plays here Saturday, some advance dope on the team. The most surprising thing to "Mitch" was that this dope was sent out by the coach of the team.

Usually it is necessary if a line is wanted on a prospective opponent to send someone to look the team over in a game and make a report. In this case the information was handed to Mitchell without charge.

In his letter the coach of the Pike county squad told Mitch that he was sending the dope to be used for advertising purposes and it was as such that Mitchell handed it to the Journal. The comment on the dope is entirely separate from anything Mitchell gave us and is only our personal opinion of the matter.

The dope sent out from the county seat of Pike follows: Pittsfield has played three games this season and won all of them. The first was with the American Legion team of Pittsfield and was won by a good score.

Then Roadhouse fell by a score of 19 to 0 and last Saturday Pittsfield downed Virden high by a score of 59 to 6. In the Virden game Pittsfield completed five out of six forward passes. She also gained 349 yards for a total of sixteen first downs.

There is no doubt but what Pittsfield has a good team. It is made up of veterans, practically all of last year's team being back. However, we are wondering whether the Pittsfield coach sent Mitch the dope for advertising purposes or whether he was trying to throw a scare into the local squad. If the latter it probably

### MISS BEULAH M'MURPHY MORE WORKERS IS NEEDED BRIDE OF J. G. CAPPS, JR. IN HOSPITAL CAMPAIGN

Well Known Young People United in Marriage at Pretty Wedding Service at Home of Mr. and Mrs. Nelson McMurphy Wednesday Evening.

A very imposing wedding ceremony was that solemnized at 7 o'clock Wednesday night at the home of Mr. and Mrs. Nelson McMurphy, 1204 West College avenue, when their daughter, Miss Beulah McMurphy, became the bride of Mr. James G. Capps, Jr.

The home had been beautifully decorated for this important event. Before the bay window in the parlor an arch was constructed, adorned with white carnations and southern smilax. It was beneath this arch that the wedding party stood as the vows were plighted. Preceding the ceremony Miss Marjorie McMurphy, sister of the bride, sang "At the Dawning" and "Until," with Miss Laila Skinner as accompanist.

First came the ribbon bearers, little Miss Clara Chapin, gown in pink satin, and Kenneth Chenoweth in lavender satin. They were handed the ribbons at the door by Miss Dorothy Farrell, and Miss Eugenia Woodman. Next came Miss Marjorie McMurphy, the bridesmaid, and Mr. Warfield Brown, the master of ceremonies. Following them were the groom and his best man, Mr. Roger Clark of Princeton, Ill. Then came Miss Pauline McMurphy, the maid of honor followed by the bride and her father, Mr. Nelson McMurphy.

The members of the party stood before Dr. J. C. Nate of Champlain, former pastor of Grace M. E. church. The impressive ring ceremony was used and after the final word had been spoken, congratulations hearty and sincere were extended.

The bride's gown was of French bridal satin, made in train and trimmed in pearls. She wore a sweeping veil of tulle and carried a shower bouquet of bride's roses. Miss Marjorie McMurphy wore a gown of lavender silk brocaded in gold and trimmed with gold lace. Miss Pauline McMurphy wore pink satin brocaded in silver and trimmed in silver lace. Both carried arm bouquets of pink Columbia roses.

The decorations thruout the house were of southern smilax and pink Russell roses and the various rooms presented a very handsome appearance. Following the ceremony refreshments were served to the 165 guests present, Major and Mrs. E. C. Vickery catering.

The bride in this handsome home ceremony is the younger daughter of Mr. and Mrs. McMurphy. As a student at Illinois Woman's college and in the younger social circles of the city, she has been an especial favorite. An individual graciousness has given her this place of popularity with both the younger people of her own social set and those older in years.

Mr. Capps is a son of Mr. and Mrs. James G. Capps. After spending some time at Illinois college, he became a student at Dartmouth and it was there he began his friendship with Mr. Clark, who served as his best man in the wedding ceremony.

Mr. Capps left Dartmouth to attend the Plattsburg training camp and there was commissioned a second lieutenant. He was at Camp Taylor when the armistice was signed.

After leaving the army Mr. Capps took a position with the LaSalle & Koch department store in Toledo, Ohio, where he is assistant to the credit manager.

The young people left on a late train for Chicago and other points, and their new home is to be established in Toledo.

### CLUB WOMEN BEGIN WINCHESTER SESSION

Large Attendance and Excellent Programs Mark First Day of District Federation of Women's Clubs Convention in Winchester County.

The convention of the Federation of Women's Clubs of the 20th congressional district began yesterday morning at Winchester, with a registration of 140. The appointment of committees was made. Mrs. J. C. Groat of Winchester is district president and was assisted by Miss Bertha Miner of the Woman's Club of Winchester. At the noon hour the women of the Christian church served about 100 people in the church basement. The morning program consisted of music and of prayer by Rev. Elmore.

At one o'clock the delegates convened at the Methodist church, where the afternoon program was given. Those present joined in the singing of "Illinois." Mrs. J. C. Groat then made a speech welcoming the delegates and introducing the first speaker of the afternoon, Mrs. George Gilhorn of St. Louis. Mrs. Gilhorn gave an address on "New Citizenship." She emphasized the great responsibility of women, now that they have the use of the ballot and of the necessity of women not only voting this fall but of voting intelligently. In her address she made mention of three bills that had her approval and the endorsement of the state federation: (1) Smith-Cowner Bill; (2) Shepherd-Cowner Maternity Bill; (3) Food Legislation Bill.

In her speech Mrs. Gilhorn spoke of the League of Women Voters. One of the features of this league is that it is political but not partisan. Mrs. Gilhorn spoke of the need of the teaching of legislation, national, state and municipal.

Mrs. T. J. Schaefer of Beardstown was the next speaker. Her subject was "Discussion of Democratic Platform." Then Mrs. J. J. Reeve of Jacksonville gave a "Discussion on the Republican Platform."

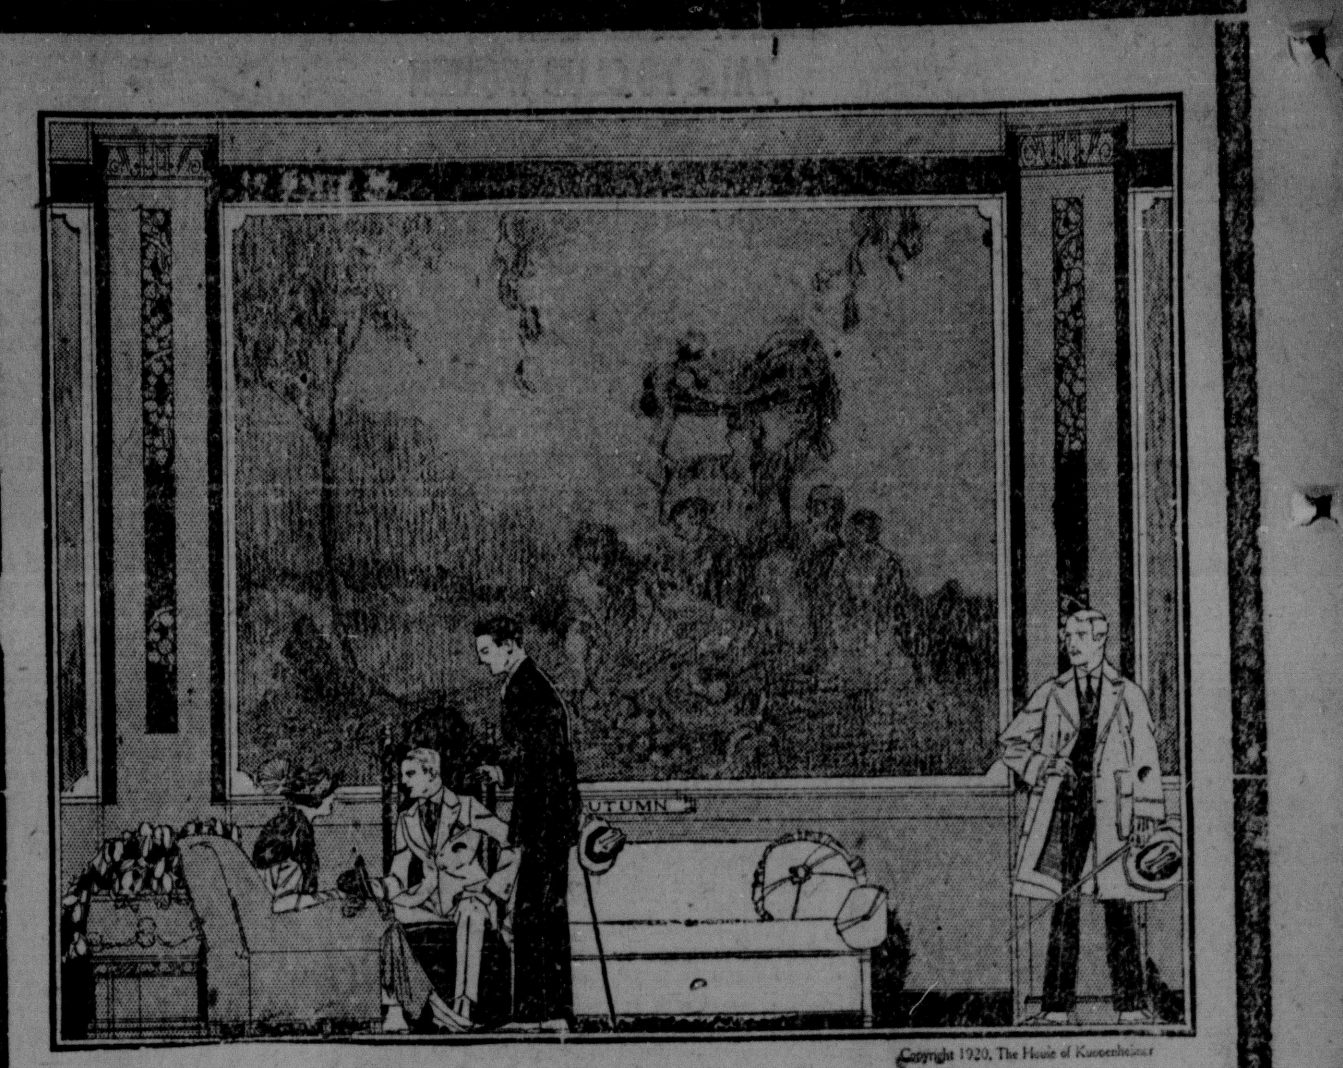

An address on "Rural Drama and the Community Theatre" was given by Robert Hanna of St. Louis. He covered the following in his address: (1) Every community should have some sort of entertainment to bring people together; (2) the advantages an individual receives from the dramas; (3) commanding position as an art and social influence.

The session was closed by the singing of a solo by Miss Louise Miller of Illinois Woman's College. She was accompanied by Mrs. J. W. Eckman. The delegates then enjoyed a veranda tea and delightful social hour at the home of Mrs. Charles Condit.

At 6 o'clock dinner was served to the delegates at the Christian church. This was prepared by Frank Sherrer and served by the ladies of the church. The menu was a most excellent one and the church was handsomely decorated for the occasion with flowers, ferns and potted plants.

The Winchester high school band gave an outdoor concert in the evening. This band is led by F. B. Waters and is the largest band in a town the size of Winchester, in the state. Mrs. J. W. Eckman gave several organ selections. S. G. Smith then favored the assembly with a well rendered solo.

S. H. Woodson, the speaker of the evening had for his subject, "Developing a World Consciousness." Dr. Woodson is of the Pilgrim Congregational church of St. Louis. An interesting part of the program was a cantata, "Song of Victory," by Louis, given by the Woman's Musical Club of Winchester. A solo, "Sing for the Dawn Has Broken," was given by Mrs. Thomas Smithson. After "The Ships," had been given by the chorus and "The Call of Home and Mother Land," by Mrs. Allan McCullough, the meeting was adjourned.

## PITTSFIELD COACH SENDS MITCH THE DOPE

Tells Him How Good His Team is and Wants it Published—Mitch is Thankful and Says He Wishes all Coaches Would do Likewise.

Coach Mitchell was surprised Wednesday to receive from the coach of the Pittsfield high school football team which plays here Saturday, some advance dope on the team. The most surprising thing to "Mitch" was that this dope was sent out by the coach of the team.

Usually it is necessary if a line is wanted on a prospective opponent to send someone to look the team over in a game and make a report. In this case the information was handed to Mitchell without charge.

In his letter the coach of the Pike county squad told Mitch that he was sending the dope to be used for advertising purposes and it was as such that Mitchell handed it to the Journal. The comment on the dope is entirely separate from anything Mitchell gave us and is only our personal opinion of the matter.

The dope sent out from the county seat of Pike follows: Pittsfield played three games this season and won all of them. The first was with the American Legion team of Pittsfield and was won by a good score.

Then Roadhouse fell by a score of 19 to 0 and last Saturday Pittsfield downed Virden high by a score of 59 to 0. In the Virden game Pittsfield completed five out of six forward passes. She also gained 344 yards for a total of sixteen first downs.

Pittsfield has a good team. It is made up of veterans, practically all of last year's team being back.

However, we are wondering whether the Pittsfield coach sent Mitch the dope for advertising purposes or whether he was trying to throw a scare into the local squad. If the latter it probably

will fall for the Jacksonville team is not a bit scared. They figure that Hannibal was about as tough a proposition as they will meet this year and they expect to spoil Pittsfield's record for yardage gained and passes completed. But for the information, again thanks.

## MISS BEULAH M'MURPHY MORE WORKERS IS NEEDED BRIDE OF J. G. CAPPS, JR. IN HOSPITAL CAMPAIGN

Well Known Young People United in Marriage at Pretty Wedding Service at Home of Mr. and Mrs. Nelson McMurphy Wednesday Evening.

A very imposing wedding ceremony was solemnized at 7 o'clock Wednesday night at the home of Mr. and Mrs. Nelson McMurphy, 1204 West College avenue, when their daughter, Miss Beulah McMurphy, became the bride of Mr. James G. Capps, Jr.

The home had been beautifully decorated for this important event. Before the bay window in the parlor an arch was constructed, adorned with white carnations and southern smilax. It was beneath this arch that the wedding party stood as the vows were pledged. Preceding the ceremony Miss Marjorie McMurphy, sister of the bride, sang "At Dawning" and "Until," with Miss Laila Skinner as accompanist.

First came the ribbon bearers, little Miss Clara Chapin, gowned in pink satin, and Kenneth Chenoweth in lavender satin. They were handed the ribbons at the door by Miss Dorothy Farrell, and Miss Eugenia Woodman. Next came Miss Marjorie McMurphy, the bridesmaid, and Mr. Warfield Brown, the master of ceremonies. Following them were the groom and his best man, Mr. Roger Clark of Princeton, Ill. Then came Miss Pauline McMurphy, the maid of honor followed by the bride and her father, Mr. Nelson McMurphy.

The members of the party stood before Dr. J. C. Nate of Champlain, former pastor of Grace M. E. church. The impressive ring ceremony was used and after the final word had been spoken, congratulations hearty and sincere were extended.

The bride's gown was of French bridal satin, made en train and trimmed in pearls. She wore a sweeping veil of tulle and carried a shower bouquet of bride's roses.

Miss Marjorie McMurphy wore a gown of lavender silk brocade in gold and trimmed with gold lace. Miss Pauline McMurphy wore pink satin brocade in silver and trimmed in silver lace. Both carried arm bouquets of pink Columbia roses.

The decorations thruout the house were of southern smilax and pink Russell roses and the various rooms presented a very handsome appearance. Following the ceremony refreshments were served to the 165 guests present, Major and Mrs. E. C. Vickery catering.

The bride in this handsome home ceremony is the younger daughter of Mr. and Mrs. McMurphy. As a student at Illinois Woman's college and in the younger social circles of the city, she has been an especial favorite. An individual graciousness has given her this place of popularity with both the younger people of her own social set and those older in years.

Mr. Capps is a son of Mr. and Mrs. James G. Capps. After spending some time at Illinois college, he became a student at Dartmouth and it was there he began his friendship with Mr. Clark, who served as his best man in the wedding ceremony.

Mr. Capps left Dartmouth to attend the Plattsburg training camp and there was commissioned a second lieutenant. He was at Camp Taylor when the armistice was signed.

After leaving the army Mr. Capps took a position with the LaSalle & Koch department store in Toledo, Ohio, where he is assistant to the credit manager.

The young people left on a late train for Chicago and other points, and their new home is to be established in Toledo.

Plea is Made for More Solicitors at Noonday Luncheon Wednesday—Total Now Subscribed is \$9,139.88.

At the noonday luncheon of workers in the Passavant hospital campaign at the Passavant Inn Wednesday, a total of \$9,139.88 was reported as subscribed to date. As a whole, the reports of the various chairmen were of an encouraging nature, but the fact was impressed again and again that some earnest work is necessary in the remaining days of the campaign if the total fund is raised.

The need of workers was emphasized, this need being especially seen in the city precincts. Although the results in the country precincts are not all that could be desired, it was pointed out yesterday that this is due in large measure to the fact that farmers are now busy drilling their wheat and thus not able to give much time to solicitation. The country chairmen are confident that when the campaign closes their precincts will have fully met the task assigned them.

The chairman of each of the city wards was called upon for a report, and in each instance the need of workers was the main thing emphasized.

Chairmen W. Barr Brown then introduced Mayor E. E. Crabtree for brief remarks. Mr. Crabtree said that in his experience he had found that the first two or three days of a campaign were always the most difficult, and that after the workers became thoroughly alive to the issues that the succeeding days were comparatively easy. He said that in his opinion a house to house canvass was the best plan of solicitation, and he urged the workers not to procrastinate but to get at once down to business and see as many people as they could each day.

H. J. Rodgers, vice president of the hospital trustees, was next called upon. He dwelt particularly upon the need there is of the hospital in the community, and declared that the hospital is not for the doctors but for the people.

F. E. Farrell referred to various inquiries he had had from people in recent days as to the proper procedure for endowing a room at the hospital. This he took as an indication that people have the hospital on their minds in a serious way.

The suggestion was made that any persons not now on the teams, who feel an interest in the campaign and are willing to devote some time to it, come to the luncheon at the Passavant Inn at 12:15 today and receive a list of prospects.

The announcement came yesterday that Lester A. Reed has donated a fine hog to be sold at sale on Thursday, Oct. 14, the entire proceeds to go toward the hospital fund.

The following are the amounts reported by the various chairmen at the Wednesday meeting:

- First ward, Edward Brennan, chairman—\$500.
- Second ward, J. S. Hackett, chairman—\$713.45.
- Third ward, A. C. Metcalf, chairman—\$115.
- Fourth ward, T. C. MacVicar, chairman—\$162.
- Lynnville 14-11, Charles Gibbs, chairman—\$83.
- Chapin 15-12, Miss Amy Onken, chairman—\$197.96.
- Alexander, 16-8 and 15-8, Charles M. Strawn, chairman—\$107.
- Meredosia, 16-13, L. F. Berger and J. L. McLain, chairman—\$204.
- Sinclair, 16-9, Mrs. Frank Hunter, chairman—\$83.
- Murrayville, 13-9, 10 and 11, Harry Cade, chairman—\$110.
- 14-9, Samuel Camm, chairman—\$30.
- 15-10, Harry Kinner, chairman—\$47.50.
- Waverly, 13-8, W. H. Rohrer, John Rodgers and W. F. Deatherage, chairman—\$100.
- Literberry and Arcadia, 16-10, William Crum, chairman—\$28.
- Concord, 16-11, Casper Blimling, chairman—\$59.50.
- Markham, 15-11, Allison Thomson, chairman—\$29.
- Total, \$2,759.80.

## CLUB WOMEN BEGIN WINCHESTER SESSION

Large Attendance and Excellent Programs Mark First Day of District Federation of Women's Clubs Convention in Winchester—News Notes from Scott County.

The convention of the Federation of Women's Clubs of the 20th congressional district began yesterday morning at Winchester, with a registration of 140. The appointment of committees was made. Mrs. J. C. Groat of Winchester is district president and was assisted by Miss Bertha Miner of the Woman's Club of Winchester. At the noon hour the women of the Christian church served about 100 people in the church basement. The morning program consisted of music and of prayer by Rev. Elmore.

At one o'clock the delegates convened at the Methodist church, where the afternoon program was given. Those present joined in the singing of "Illinois." Mrs. J. C. Groat then made a speech welcoming the delegates and introducing the first speaker of the afternoon, Mrs. George Gilhorn of St. Louis. Mrs. Gilhorn gave an address on "New Citizenship." She emphasized the great responsibility of women, now that they have the use of the ballot and of the necessity of women not only voting this fall but of voting intelligently. In her address she made mention of three bills that had her approval and the endorsement of the state federation: (1) Smith-Cowner Maternity Bill; (2) Food Legislation Bill; (3) In her speech, Mrs. Gilhorn spoke of the League of Women Voters. One of the features of this league is that it is political but not partisan. Mrs. Gilhorn spoke of the need of the teaching of legislation, national, state and municipal.

Mrs. T. J. Schaefer of Beardstown was the next speaker. Her subject was "Discussion of Democratic Platform." Then Mrs. J. J. Reeve of Jacksonville gave a "Discussion on the Republican Platform."

An address on "Rural Drama and the Community Theatre" was given by Robert Hanna of St. Louis. He covered the following points in his address: (1) Every community should have some sort of entertainment to bring people together; (2) the advantages an individual receives from the drama; (3) commanding position as an art and social influence.

The session was closed by the singing of a solo by Miss Louise Miller of Illinois Woman's College. She was accompanied by Mrs. J. W. Eckman. The delegates then enjoyed a veranda tea and delightful social hour at the home of Mrs. Charles Condit.

At 6 o'clock dinner was served to the delegates at the Christian church. This was prepared by Frank Sawyer and served by the ladies of the church. The menu was a most excellent one and the church was handsomely decorated for the occasion with flowers, ferns and potted plants.

The Winchester high school band gave an out door concert in the evening. This band is led by F. R. Waters and is the largest band in a town the size of Winchester. In the state, Mrs. J. W. Eckman gave several organ selections. S. G. Smith then favored the assembly with a well rendered solo.

S. H. Woodson, the speaker of the evening had for his subject, "Developing a World Consciousness." Dr. Woodson is of the Pilgrim Congregational church of St. Louis. "An interesting part of the program was a cantata, "Song of Victory," by Louis, given by the Woman's Musical Club of Winchester. A solo, "Sing for the Dawn Has Broken," was given by Mrs. Thomas Smithson. After "The Ships," had been given by the chorus and "The Call of Home and Mother Land," by Mrs. Allan McCullough, the meeting was adjourned.

The musical features comprised a double mixed quartet, a male quartet, and a trio by Misses Davis English and Lucille Evans, violins, and Jessie Ross, piano. There were readings by Miss Beatrice Winters and Mrs. Howard Whitney. Rev. Kirkpatrick comes from Jacksonville, and he was popularly known to many White Hall people previous to his coming, which gives prestige to his entering upon a successful pastorate.

**Settle Hitch Rack Problem**  
White Hall's hitch rack problem has been adjusted in a manner that will provide more racks and in closer proximity to the business part of the town. The matter came up for earnest consideration at a session of the city council Tuesday evening and the grounds in the rear of the Webster Variety Store were accepted. The settlement relieves a tension between a large element of town and country folks that had not been bettered by the controversy over the community high school. The difficulties have had their good, for out of it is coming a better feeling and more complete understanding of the interdependence of all interests of the community.

**Killed by Train**  
The terrible price in life and limb paid for rapid transportation has exacted further toll in the death of a highly respected White Hall citizen. At 6 o'clock Tuesday evening Sloss McAdams was driving home, he residing some distance north of the interlocking plant. At the crossing with the C. & A. railroad on Third Avenue North, located almost immediately south of the interlocking plant, Mr. McAdams attempted to drive across in front of the south bound passenger train, No. 33. Mr. McAdams evidently saw his predicament, and he whipped his team with his lines, but this and the shriek of the locomotive whistle apparently stampeded the team. They reared and bucked as the engine plowed into the wagon center, the body of Mr. McAdams being caught on the engine plot and the wagon torn to pieces. The team and front wheels of the wagon remained intact, the animals sauntering off towards home as people from the train, the drain tile works and the neighborhood assembled and looked for the driver. The adjoining corn field was given a thorough search, and until Conductor J. Lavoise found a hat he determined that its location indicated the driver's body must be on the plot of the engine. An investigation showed this to be the case, and the train pulled down to the station and left the body in charge of Agent W. P. Neutzman, who summoned Dr. W. T. Knex. It was evident that death was instantaneous, there being evidence of a terrible jolt in one side and bruises and broken bones, but the body was not mangled. The remains were ordered placed in the hands of Undertaker Fox, and they were taken to the Fox undertaking rooms. Coroner Carmody set 7 p. m. Wednesday for holding an inquest on account of the train case, using available until that time. The members of the crew, aside from Conductor Lavoise, included Engineer Werach, Fireman Mitchell and Flagman Tendick. The train was running about twenty-five minutes late. It was making about its usual speed over the interlocking plant.

The train was running about twenty-five minutes late. It was making about its usual speed over the interlocking plant.

Sloss McAdams was sixty-five years of age, and his entire life practically has been spent in White Hall township, he having always been devoted to farming, the greater part of the time in the southwestern part of the township. His wife died about twenty years ago, and there are three surviving, Mrs. Pansy Moran and Mrs. Lucia Keen, both of whom, and Miss Myrtle McAdams, who started last week on her return to California, she being intercepted at Topeka, Kansas, with the news. The family has resided north of town since the death of Mrs. McAdams. The deceased has a brother, Grant McAdams, residing in the Seely Mill neighborhood in the southwest part of Greene county. Three other brothers are Henry of Grifton, Elam of Carrollton and Joseph of Arkansas. There are two sisters, Mrs. Susan Platt, Carrollton, and Mrs. Oscar Wider, Jacksonville.

Funeral services pend the return of the daughter, Miss Myrtle, and they will not be held before Friday. They will be in charge of Rev. J. O. Kirkpatrick, pastor of the M. E. church and the burial will be in the Highstreet cemetery.

### ILLINOIS WOMAN'S COLLEGE NOTES

The records show that there are enrolled at the Woman's college this year 246 college students taking regular college courses, as against 217 a year ago, an increase of 29, or more than 13 per cent.

The students come from 14 states and from South America. The list by states is as follows: Illinois, 135; Indiana, 33; Georgia, 1; Iowa, 8; Kansas, 2; Kentucky, 1; Massachusetts, 1; Michigan, 2; Minnesota, 2; Missouri, 5; New York, 1; North Carolina, 1; South Dakota, 1; Wyoming, 1; from Chile, South America there are two students.

The college reaches farther this year for its student attendance than it has ever reached before. The states represented this year that were not represented last year are Georgia, Kentucky, Kansas, Massachusetts, Minnesota, New York, North Carolina and Wyoming. It will be seen that the college is now known practically over the entire country.

We also greatly appreciate the fact that students are coming in greater numbers every year from the Jacksonville high school; 11 of the young women from last year's high school graduating class are enrolled in the college this year.

The number from Indiana has gradually increased until this year it numbers 33; these students have organized an Indiana club.

The Seniors and Juniors are back from Matanzas, and report an exceedingly enjoyable time. Those who stayed at home, however, enjoyed the annual picnic at Fairview, the delightful home of Dr. and Mrs. Pitner. The weather was ideal Monday for the picnic, and everybody had a royal time. The college greatly appreciates the interest of Dr. and Mrs. Pitner, and the students look forward from year to year to the Pitner picnic.

### INSIST THAT NAME OF CITY BE CHANGED

Springfield, Ill. — Until the Chicago and Northwestern railroad company takes the name of "Zion City," from its depot at the town of that name, and makes it simply "Zion," as the inhabitants request, General Overseer Wilbur Glen Voliva declares he will not only oppose any road improvement, but will continue to cover the main thoroughfare with sand, to prevent tourists from speeding through.

Definite refusal of the overseer to aid in the state's program for good roads was communicated in a conference with Frank J. Bennett, director of the department of public works, and Superintendent of Highways S. E. Bradt. Further objection to the improvement was based on the ground that prices are too high now, and interest excessive on special assessment bonds.

Mr. and Mrs. Samuel Constant of Springfield are visiting Mrs. Constant's brother, R. T. Cassell and family.

The collateral gold notes will be dated September 1, 1920, will sell to net 90 per cent of par value, and will mature September 1, 1930. The mortgage bonds, dated October 1, 1911, will mature October 1, 1956. A fee of \$1,667 was paid the state for this permission.

### CURED HIS RUPTURE

I was badly injured while lifting a trunk several years ago. Doctors said my only hope of cure was an operation. Trusses did me no good. Finally I got hold of something that quickly and completely cured me. Years have passed and the rupture has never returned. There was no operation, no lost time, no trouble. I have nothing to sell, but will give full information about how you may find a complete cure without operation, if you write to me, Eugene M. Pullen, Carpenter, 517 G Marcellus Avenue, Manassas, N. ## RECEPTION FOR

## REV. J. O. KIRKPATRICK

Former Jacksonville Minister Given Warm Welcome in White Hall—Well Known Resident Killed.

White Hall, Oct. 6.—A reception to Rev. J. O. Kirkpatrick, the new pastor of the M. E. church, was held Tuesday evening at which there were over a hundred present, the proceedings giving evidence of loyal support of the new pastor in the work that he has undertaken here. The musical features comprised a double mixed quartet, a male quartet, and a trio by Misses Doris English and Lucile Evans, violins, and Jessie Ross, piano. There were readings by Miss Beatrix Winters and Mrs. Howard Whitney. Rev. Kirkpatrick comes from Jacksonville, and he was popularly known to many White Hall people previous to his coming, which gives prestige to his entering upon a successful pastorate.

GOVERNOR PROCLAIMS  
FIRE PREVENTION DAY

Gov. Lowden Announces Saturday, Oct. 9, as Fire Prevention Day—Text of Proclamation.

Springfield, Ill., Oct. 6.—Governor Frank O. Lowden of Illinois has issued a proclamation announcing October 9th as "Fire Prevention Day" thruout the State. Governor Lowden's proclamation reads as follows:  
"Fire losses in the United States are a matter of grave concern. Material resources in the country are being burned at the rate of almost a million dollars a day. In the State of Illinois the fire waste is averaging more than a million and a half dollars a month. Lives lost thru fire and accidents number close to 25,000 annually in the United States, to say nothing of the countless persons injured and maimed.  
"This wholesale waste of life and resources not only adds to the burden of high prices, but is a handicap to our national prosperity. Inasmuch as more than 75 per cent of this waste is preventable, the record is deplorable. Particularly at this time, when conservation should be uppermost in the minds of all.  
"Therefore, I, Frank O. Lowden, Governor of Illinois, do hereby proclaim Saturday, the ninth day of October, 1920, as Fire Prevention Day, urging that this day be made the occasion thruout the State of bringing to our citizens the meaning of this enormous unnecessary destruction of life and property, and the necessity of reducing it.  
"That appropriate educational exercises be held in every community in order to stimulate individual carefulness and a sense of personal responsibility on the part of everyone as regards fire.  
"That lessons of fire prevention be particularly impressive upon the children in all schools, for seed effectively sown in the minds of the young is sure to bear fruit in the rising generation.  
"That public and private places be thoroughly cleaned up, and all rubbish and waste be safely disposed of, to reduce danger of fire, as well as promote health.  
"That all heating apparatus, chimneys, electric wiring, and ventilating devices be carefully examined and necessary repairs made, so that the hundreds of fires due to these causes, with their attendant suffering and loss may be materially reduced.  
"That all public and private places where people assemble, especially hotels, factories, theatres, schools, institutions and churches—be inspected and every safeguard against fire, as well as adequate exit facilities be provided, to the end that our State be spared from holocaust.  
"That fire drills be held and continued at frequent intervals in schools, factories and public buildings, so that occupants may be thoroughly trained in making a safe and orderly exit in case of emergency.  
"That competent and able bodied watchmen, in number sufficient to afford proper protection be maintained in all buildings holding valuable contents.  
"That best possible building regulations, fire prevention ordinances and means of protection against fire be provided in every community.  
"That chambers of commerce and civic organizations lend their organized efforts to an effective observance of the day along the lines indicated, cooperating to the fullest extent with the public authorities.  
"Realizing the tremendous power of the press, it is particularly requested that the newspapers give their active and generous support in carrying out the aims and purposes for which this day is designated."  
(signed) FRANK O. LOWDEN,  
Governor of Illinois.  
By Louis L. Emmerson,  
Secretary of State."

CALL ATTENTION TO POOR CONDITION OF HIGHWAY  
Springfield, Ill. — State officials irritated over the constant stream of complaints which continue to pour into the office of the state Division of Highways have issued a bulletin pointing out who is directly responsible for the poor condition of certain highways.  
More than 93,800 miles of the roads of the state are under the direct jurisdiction of township highway commissioners, it is stated.  
The bulletin reads in part, "The road and bridge law provides that the state shall maintain such roads as are improved at the joint expense of the state and the county, or at the joint expense of the state and the federal government.  
"It provides further that the cost of maintaining earth roads on the state aid system, when improved at the joint expense of the state and the county, shall be paid by the county; also gravel and macadam when improved by the state and county jointly shall be paid one-half by the state and one-half by county."

ILLINOIS HAS FUND TO  
MEET EMERGENCIES

New System Enables State to Meet Contingencies at Minimum Expenditures, According to Report Just Made.

Springfield, Ill. — The new system of appropriating a reserve to be used for emergencies, established by the last general assembly, has enabled the State to meet the contingencies of the past year at a minimum expenditure. Omar H. Wright, Director of Finance, states in his annual report covering the fiscal year ending June 30, which is just made public.  
A total of \$500,000 was appropriated for this reserve fund and of this \$144,040.80 has been used he reports. The money is available on the order of the Governor but is used only in emergency.  
Some of the emergencies of the last fiscal year were the Chicago riot, most of the expense of which was met from this fund; the destruction of a smoke stack and a cottage at the St. Charles School for Boys, by a windstorm; the necessity of buying formaldehyde for the plant industry division to fight chinch bugs, and the construction of a retaining wall at the Chester State hospital.  
In the past it has been customary to appropriate large sums to the various departments to be used to cover emergencies. In 1917, for instance, the contingent appropriations to the various departments totalled \$559,585. Of this total \$462,095 was expended.  
The last general assembly appropriated \$209,500 to the various departments for contingencies, and of this amount \$20,289 was used during the fiscal year.  
"The plan has worked well," Director Wright says. "Notwithstanding numerous requests for assignment of funds, the theory in making this appropriation has been followed. No requests for any transfer have been granted except to cover emergencies, or for the purpose of paying obligations, the incurring of which it is impossible to foresee."  
The Lyceum number announced for Friday night at the Amuse-U theater Chapin has been postponed. Later date will be announced.

If a Community Is Worthy of a Standardized Hospital the Hospital Must Be Worthy of the Community's Support

¶ The efficiency of that hospital depends on the support you give it; no more, no less. When you contribute to its welfare you are merely fulfilling an obligation that all of us should fulfill without solicitation.

¶ When the solicitors call upon you, encourage them, do not speak to them or of them as beggars; they are offering you the opportunity to help a good cause, which you will cheerfully do when conditions are explained to you, when they show you why we should have and are to have a Standardized Hospital. And when you realize you have helped some poor unfortunate to be made more comfortable, whether they be stranger or friend, you will be thankful you rendered this assistance.

¶ Visit the Hospital more often, ask about its finances, ask about the expenditures and receipts. The trustees want you to be more interested; want you to ask questions and offer suggestions; but do not criticise the management merely on what you neighbor might say, he may not know anything about the way the affairs are conducted, and it's very probable he is not a financial supporter of the Hospital. The real supporters do not criticise nor complain but boost and work for the good of the organization.

GOVERNOR PROCLAIMS  
FIRE PREVENTION DAY

Gov. Lowden Announces Saturday, Oct. 9, as Fire Prevention Day—Text of Proclamation.

Springfield, Ill., Oct. 6.—Governor Frank O. Lowden of Illinois has issued a proclamation announcing October 9th as "Fire Prevention Day" throughout the State. Governor Lowden's proclamation reads as follows:

"Fire losses in the United States are a matter of gravest concern. Material resources in the country are being burned at the rate of almost a million dollars a day. In the State of Illinois the fire waste is averaging more than a million and a half dollars a month. Lives lost through fire and accidental burns number close to 25,000 annually. In the United States to say nothing of the countless persons injured and maimed.

"This wholesale waste of life and resources not only adds to the burden of high prices, but is a handicap to our national prosperity. Inasmuch as more than 75 per cent of this waste is preventable, the record is deplorable. Particularly at this time, when conservation should be uppermost in the minds of all.

"Therefore, I, Frank O. Lowden, Governor of Illinois, do hereby proclaim Saturday, the ninth day of October, 1920, as Fire Prevention Day, urging that this day be made the occasion throughout the State of bringing to our citizens the meaning of this enormous unnecessary destruction of life and property, and the necessity of reducing it.

"That appropriate educational exercises be held in every community in order to stimulate individual carefulness and a sense of personal responsibility on the part of everyone as regards fire.

"That lessons of fire prevention be particularly impressed upon the children in all schools, for seeds of safety sown in the minds of the young are sure to bear fruit in the rising generation.

"That public and private places be thoroughly cleaned up, and all rubbish and waste be safely disposed of, to reduce danger of fire, as well as promote health.

"That all heating apparatus, chimneys, electric wiring, and ventilating devices be carefully examined and necessary repairs made, so that the hundreds of fires due to these causes, with their attendant suffering and loss may be materially reduced.

"That all public and private places where people assemble, especially hotels, factories, theatres, schools, institutions and churches—be inspected and every safeguard against fire, as well as adequate exit facilities be provided, to the end that our State be spared from holocaust.

"That fire drills be held and continued at frequent intervals in schools, factories and public buildings, so that occupants may be thoroughly trained in making a safe and orderly exit in case of emergency.

"That competent and able bodied watchmen, in number sufficient to afford proper protection be maintained in all buildings holding valuable contents.

"That best possible building regulations, fire prevention ordinances and means of protection against fire be provided in every community.

"That chambers of commerce and civic organizations lend their organized efforts to an effective observance of the day along the lines indicated, cooperating to the fullest extent with the public authorities.

"Realizing the tremendous power of the press, it is particularly requested that the newspapers give their active and generous support in carrying out the aims and purposes for which this day is designated."

(signed) FRANK O. LOWDEN, Governor of Illinois.  
By Louis L. Emmerson, Secretary of State."

CALL ATTENTION TO POOR  
CONDITION OF HIGHWAY

Springfield, Ill. — State officials irritated over the constant stream of complaints which continue to pour into the office of the state Division of Highways have issued a bulletin pointing out who is directly responsible for the poor condition of certain highways.

More than 93,800 miles of the roads of the state are under the direct jurisdiction of township highway commissioners, it is stated.

The bulletin reads in part, "The road and bridge law provides that the state shall maintain such roads as are improved at the joint expense of the state and the county, or at the joint expense of the state and the federal government.

"It provides further that the cost of maintaining earth roads on the state aid system, when improved at the joint expense of the state and the county, shall be paid by the county; also gravel and macadam when improved by the state and county jointly shall be paid one-half by the state and one-half by county."

### 185 times - no difference !

Miss Betsy Lane Shepherd, famous concert soprano, has made this test 185 times. 185 public audiences, in 185 cities, have heard her compare her voice with its RE-CREATION by the New Edison. No one, out of a total of more than 100,000 listeners, has been able to tell when Miss Shepherd was singing, and when the New

Edison—except by watching her lips.

4,000 similar tests of direct comparison, made by over fifty other celebrated vocalists and instrumentalists, have given this same result.

The New Edison is perfect realism achieved!

## What kind of music "gets" you ?

Tell us—and we'll show you how all its emotional power is RE-CREATED by the New Edison

Is it the soulful violin?—a mellow contralto?—the scintillating flute?—a sweet, soothing tenor?—that draws the quickest emotional response from you.

Let us play your favorite voice or instrument in a new kind of Realism Test. See whether you are touched by the Re-

CREATED music in the same way that you are touched by the living music.

We want to show you that the New Edison RE-CREATES all the vital power in all music.

Remember what to ask for—"personal favorites" Realism Test!

## The NEW EDISON

"The Phonograph with a Soul"

Perfect realism is your one vehicle to the inner joys of music which you crave.

Mr. Edison spent three million dollars in the research work which gave the New Edison perfect realism. He did this in order that the phonograph might transcend its former limitations and (here we quote Mr. Edison's own words), "bring into every American home, music so realistic and so perfect in its rendition as to be an unending source of benefit and pleasure."

The instruments which proved this perfect real-

ism in Miss Shepherd's 185 tests were all exact duplicates of the original Official Laboratory Model on which Mr. Edison spent his three million dollars. You can also have an exact duplicate of this three million dollar original. We have it in our store, and guarantee it to be capable of sustaining the same test of direct comparison.

### Important Practical Detail

Our Budget Plan brings your New Edison for immediate enjoyment, without asking for immediate payment. Ask about it when you come in to hear the "Personal Favorites" Realism Test.

### Mazola—the choice of leading hotels, clubs, and railroad dining cars in America!

**WOMEN** everywhere are finding out that lard is one of the most unsatisfactory of all cooking fats. It is absorbed into the food, making it heavy, soggy and indigestible at times. So much lard is taken up by the food during cooking that it becomes more expensive to use.

Mazola is 100% pure vegetable oil. It never penetrates into the food, but sears fish or meat over, and preserves all the good flavors. At the same time, it makes the food more digestible.

You too, should use Mazola for all cooking, baking, frying and sautéing purposes.

Thousands of people everywhere use Mazola as a delicious salad dressing, in preference to olive oil or any other vegetable oil. It costs about half what an acceptable grade of olive oil would cost.
